## Introduction

The Opera collection of presentation bowls draw their inspiration from the iconic Sydney Opera House in Australia. Designed in 1957 by Jørn Utzon and completed in 1973, the Sydney Opera House is one of the most architecturally important buildings of the 20th Century.

Opera bowls feature symmetrical but opposing curves to create a fascinating interplay of surfaces, which draw the eye to the food and excite the palate. Suitable for appetisers, entrees and desserts, Opera bowls offer an innovative, elliptical alternative to food presentation.
